All time limits specified in this Article 28 may be extended solely by written agreement of the Chief of the Fire Department and the Union. Failure of the aggrieved member or Union Grievance Committee to submit or appeal a grievance within any of such time periods shall constitute a bar to further action on the grievance. Failure on the part of the City to answer at Step 2 or Step 3 shall not be deemed acquiescence thereto, but the Union may proceed to the following step.

Step 4: If the grievance is not settled at step 3, the Union Grievance Committee may appeal the grievance to arbitration within thirty (30) calendar days after the Step 3 Answer. Resolution shall then occur pursuant to Article 45 of this Agreement.

This grievance procedure shall be limited to matters not otherwise covered by Merit Commission law. This grievance procedure shall not preclude the aggrieved employee's right to initiate civil action.

If annexation occurs during the life of this Agreement, the City and the Union shall meet to discuss increasing the authorized manpower levels in accordance with the most current annexation study.

On a transitional basis and until the Muncie Fire Department has a sufficient number of “in-house” and Merit Appointed Firefighters who are licensed and certified as paramedics, the City of Muncie will endeavor to hire up to twelve (12) licensed civilian paramedics. The parties project that this number of certified and licensed paramedics will permit four (4) paramedics to be available to work daily on Muncie Fire Department ambulances providing Advanced Life Support (ALS) services. If the City is not able to hire up to twelve (12) civilian paramedics to be hired as set forth herein, the parties acknowledge and agree that the City of Muncie may need to contract with an outside contractor to secure the paramedic services needed to allow Muncie Fire Department ambulances to provide ALS services going forward.

If the City finds difficulty in their endeavors towards hiring up to twelve (12) licensed paramedics, part-time licensed paramedics can be utilized to augment daily staffing levels until such time as twelve (12) licensed paramedics can be obtained.

As the number of Merit Firefighter paramedics grows through training, the City has the right to count said Merit paramedics against the twelve (12) civilian paramedics and then hire an additional recruit fire fighter(s) above the 110 minimum.

Whenever a member of the department leaves through retirement, permanent disability, death, voluntarily quits or dismissal. Section 36.02. Prohibited Lay-Offs. There shall be no lay-off of any Fire Fighters which reduces the Department’s authorized manpower level below the level contained in this Agreement, except as stated in paragraph below.

Section 36.03. Economic Emergencies. In the event of an economic emergency, unrelated to any failure to fully fund, all compensation and benefit items in this Collective Bargaining Agreement by appropriation as required by Ordinance, and/or where such economic emergency is not caused by

a transfer of the funds to other projects, or for other financial obligations, the City may reduce the number of Fire Fighters as described in the following procedures:

(a) CITY shall give the UNION at least thirty (30) calendar days prior written notice, signed by the Mayor (or designee), of the reduction. Such notice shall state the reasons for such reduction, estimated amount of time for reduction and number of reductions. Such notice shall be either personally given to UNION'S President or mailed to the UNION at the following address:

President Local 1348, International Association of Fire Fighters, AFL-CIO, 418 E. Main Street Muncie, Indiana, 47305.

(b) Following the giving of such notice and at least fifteen (15) calendar days prior to the time of the proposed reduction, CITY'S Mayor or his/her designee, President of the Common Council or his/her designee, Chief of Department and UNION'S President shall meet and openly discuss the proposed reduction and explore all possible ways to avoid the reduction.

(c) If, following such a meeting, the CITY has met the requirements outlined above and continues to deem it necessary to reduce the number of paid members of the department; such reduction shall be on the basis of reverse seniority, starting with the last senior fire fighter and going up the seniority ladder. Recall of fire fighters who are on layoff shall be on the basis of seniority, starting with the most senior first.

Section 36.04. Seniority. For the purposes of this Agreement, seniority for a Fire Fighter is defined as the Fire Fighter's length of continuous service with the department since his date of last appointment to the department. Seniority for a Fire Fighter shall continue to accrue while he or she is on lay-off. In the event two or more Fire Fighters have the same date of appointment, the senior Fire Fighter shall be the Fire Fighter who ranked highest on the Merit Commission's eligibility list for appointment to the Fire Department.

Section 36.05. Unilateral Changes Prohibited. Neither the CITY nor the UNION shall make unilateral changes in wages, hours and condition of employment contrary to this Agreement.

It shall be the policy of the Fire Department to try to provide relief at any alarm, which exceeds two (2) hours, and at any other alarm, which because of its nature or because of extreme weather conditions dictates such relief. Relief period shall not exceed one (1) hour and is to be used for personal needs and to prepare equipment for response to subsequent alarms.

Employees will not be required to perform non-emergency duties outdoors when elements are of extreme conditions. Extreme conditions represent temperatures equal to or below 32 degrees and equal to or above 90 degrees. In addition, such duties will not be performed under conditions of rain, snow or extreme winds. This Article shall not be construed to apply to situations where, in the judgment of the Chief of DEPARTMENT or his/her designee, action is necessary to remove ice or snow from station property.

The arbitrator shall have no power to substitute his discretion for that of the City in any matter in which the City has not expressly contracted away its rights to exercise such discretion (this sentence shall not be interpreted or construed, however, as restricting the power of the arbitrator to fashion the remedy if the City is held to have violated the agreement.)

(b) The arbitrator shall give both parties the opportunity to present evidence and, unless the parties mutually agree to the contrary, the opportunity to argue the grievance orally and in writing. Either party may make a tape recording of the arbitration hearing at its own expense. If either the aggrieved employee or the Union fails to appear and present its case at the arbitration hearing before the arbitrator selected in accordance with this Agreement, they shall be deemed to have waived the case and the arbitrator shall enter his/her decision against them; if the City fails to appear and present its case at the arbitration hearing before the arbitrator selected in accordance with this Agreement, the City shall be deemed to have waived the case and the arbitrator shall enter his/her decision against it.

(c) In the event an arbitrator awards back pay (full or partial), such back pay shall be calculated on the basis of the amount of straight-time wages (including shift premium and longevity premium, if applicable) the employee would have earned with the City less any interim earnings, including unemployment compensation and any other governmental payments that the employee received from any source (other than a previously held "second job") during the period of time for which back pay is being computed.

(e) The question of whether or not a grievance is subject to arbitration may be raised by either party before the arbitration hearing of the grievance, on the grounds that the matter is beyond the arbitrator's jurisdiction. If the arbitrator determines the grievance is within the purview of arbitrability, the alleged grievance will be heard on its merits before the same arbitrator. However, the party disagreeing with any decision by the arbitrator as to arbitrability, may proceed to challenge said decision pursuant to formal legal process in a court of competent jurisdiction prior to initiation of the arbitration proceedings.

Section 45.03. Expenses of Arbitration. The expenses for the fee and expenses of the arbitrator and the cost of the hearing room shall be borne equally by the Union and City. The City and the Union shall each pay the fees and expenses of its own representatives and witnesses.

The Fire Chief will hold the tie-breaking vote in the case of a tie.

Section 56.03. Paramedic School Any Union member that is selected for a designated paramedic program will have his/her full tuition covered by the City. At the halfway point of the program the City will provide the member with a \$3,000.00 stipend to cover the hours spent on unpaid clinic hours. Upon passing all examinations and obtaining his/her certification, the City will pay a final \$4,000.00 stipend to the member to cover the second half of the unpaid clinical hours. In return, the Union member that obtained this schooling will agree to work for the City for three (3) consecutive years following the obtaining of his/her paramedic certification. ARTICLE 57 DRUG AND ALCOHOL POLICY

Section 57.01. Philosophy And Purpose.

A. Substance abuse is a concern because of its relationship to and adverse effects upon job performance, productivity, sickness, accidents and injuries in the workplace. The illegal use of drugs or the use of alcohol during working time tends to make the affected employee less productive, less reliable, prone to greater absenteeism and threatens the Muncie Fire Department's ability to function properly. The Department cannot tolerate any use of alcohol or any illegal use of drugs, which might impair the health, and well-being of its employees.

All Department employees have the right to work in a drug-free environment and to work with persons free from the effects of substance abuse.

B. The CITY and IAFF Local No. 1348 agree that the illegal use of drugs and the use of alcohol during working time is prohibited. Further, the parties hereto agree that being under the influence of alcohol or illegal drugs during working time is prohibited.

Section 57.02. Random Drug Selection Procedure. The independent drug-testing laboratory shall be responsible for the developing a computer-generated list of employees randomly selected for drug testing. Each employee subject to random drug testing shall have an equal chance of being randomly selected at each selection opportunity, regardless of prior selection status. Each month the laboratory shall provide the Fire Department's designated representative (e.g., Fire Chief) with an official list of 15 randomly selected employees on the business day immediately preceding the first day of drug testing for that month. Upon receipt of the list, the Fire Department's representative shall select the first 10 employees for testing. In the event an employee is on leave for the entire month, then the Fire Department's representative will select the next available person on the list for testing. Employees shall only be required to take this random test while on duty. Each day of testing the Fire Department representative shall notify the Battalion Chief on shift of which Fire Fighter(s) were selected for testing on that specific day. The Battalion Chief shall be responsible for notifying the selected Fire Fighter(s) and assuring that the Fire Fighter(s) report to the testing site. At no time may the Fire Department representative release information about the selected Fire Fighter's identities prior to the date of their random drug test. Fire Fighter will be given at least a two (2) hours' notice prior to reporting to the testing site informing them that they have

been selected for testing. At the conclusion of each month's drug testing, the Fire Department representative shall provide the President of I.A.F.F. Local 1348 a copy of the official list generated by the laboratory for review. Any violation of the random selection procedure shall invalidate the test(s) in question and preclude the Fire Department's use of any information resulting from such an invalid test(s).

Section 57.03. First Offense Submission To Treatment By The Firefighter.

A. The early recognition and treatment of substance abuse is important for successful rehabilitation, for reduced personal, family and social disruption and operation of the Department. IAFF Local No. 1348 and the CITY shall assist employees in overcoming substance abuse problems; however, the ultimate decision for accepting treatment and help is the employee's responsibility. IAFF Local No. 1348 and the CITY, jointly, have in place an Employee Assistance Program (EAP), which shall assist in meeting the employee's needs. This is a voluntary, confidential service between the employee and the EAP counselor and shall not be shared with the employer for discipline purposes, nor shall the report of any discussions become part of the employee's personnel file, except as otherwise provided in (2)B., below and provided the firefighter completes the program.

B. Failure to Successfully Complete Program. In the event a firefighter fails to successfully complete a professional substance abuse treatment program, the EAP counselor shall notify the Chief. Participation in the substance abuse treatment program or the failure to complete such program shall not be reflected in the employee's personnel file.

C. Positive Random or Reasonable Suspicion Drug Testing (Employment and Program Options)

In the event a firefighter tests positive ("positive" for purposes of this subparagraph C. to be defined as testing positive for drugs pursuant to the second confirmatory test), he or she shall have the following options:

1. Voluntarily quit employment with the CITY;
2. Retire;
3. Enter substance abuse treatment program; or
4. Face discipline and/or termination from employment.

It is understood and agreed that in the event the firefighter who has randomly tested positive for drugs or alcohol based on reasonable suspicion, and does not complete the program, he or she only have options 1, 2 and 4 above. In the event the firefighter successfully completes the program, no discipline shall be invoked against him or her.

Any firefighter, whether based on random or reasonable suspicion selection, who has completed the substance abuse treatment program yet tests positive for drugs during the subsequent 24 month period, shall only have options 1, 2 and 4 available to him or her.

Section 57.04. Education.

A. Bargaining Unit. The City shall arrange and provide information to bargaining unit employees regarding drug testing procedures, the consequences of testing positive under this Article, and the effects of drug and alcohol abuse within ninety (90) calendar days after the effective date of this Agreement and at least annually thereafter.

B. Supervisory Personnel. The CITY shall arrange and provide information to supervisory personnel regarding drug testing procedures, the consequences of testing positive under this Article, the effects of drug and alcohol abuse, and how to determine whether an employee is using, consuming or under the influence of drugs or alcohol during working time within ninety (90) calendar days after the effective date of this Agreement and at least annually thereafter.

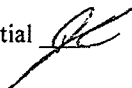

Section 57.05. Random Testing And Reasonable Suspicion. The CITY and IAFF Local No. 1348 agree that in addition to the procedures for voluntary submission to treatment and education, random, unannounced testing of the Muncie Fire Department personnel, as well as testing based on reasonable suspicion, shall be employed to prevent workplace substance abuse.

A. "Random unannounced drug testing" means testing for the purposes of detecting drugs which is conducted on a periodic basis, without advance notice of the test to bargaining unit employees and without individualized suspicion. The selection of employees to be tested from the pool of employees subject to testing shall be done based on a neutral and objective selection process by an entity independent from the CITY. In addition, such selection shall be made by a computer-based random number generator that is matched with bargaining unit employees' social security numbers, payroll identification numbers, or other comparable identifying numbers in which each member of the bargaining unit employee population subject to testing has an equal chance of selection for initial testing, regardless of whether the employee has been tested or selected previously. The random selection process shall be conducted through a computer program that records each selection attempt by date, time, and employee number. All documentation associated with this testing procedure shall be kept strictly confidential. All random testing of Fire firefighters shall occur during working hours and/or a tour of duty. In the event the Fire firefighter tests positive to any random selection drug testing, he may immediately request that a second confirmatory test utilizing a different sample of urine occur during his same shift or tour of duty if possible, but in no event more than two (2) hours after submission to the first test; this second test will be undertaken by a separate licensed testing facility agreed to by the IAFF Local No. 1348 and the CITY.

B. An employee shall be required to submit to an immediate drug or alcohol test where "reasonable suspicion" exists that the employee is using, consuming or under the influence of illegal drugs or alcohol during working time.

"Reasonable suspicion" as used in this Article shall include, but is not limited to observation by the employee's immediate supervisor or higher-ranking employee of an employee during working time behaving in a manner which gives the immediate supervisor (or higher ranking employee) reason to suspect the employee is using, consuming or under the influence of alcohol or illegal drugs. Examples of objective observations influencing work related behavior include any of the following:

- (1) Odor of alcohol on breath;

Failure by a supervisor or other higher-ranking official to confirm such behavior shall not constitute "reasonable suspicion."

The Fire Chief or his designee shall be notified immediately when reasonable suspicion exists that an employee is using, consuming or under the influence of alcohol or illegal drugs or when an employee tests positively pursuant to the random procedure. The Fire Chief or his designee shall be given a completed Substance Abuse Checklist form by the supervisor or other higher-ranking employee. The Fire Chief or his designee shall notify the IAFF Local No. 1348 President or his designee immediately. The IAFF Local No. 1348 President or his designee and the bargaining unit employee shall also be given a copy of the completed Checklist form.

E. In the event this is the first time during the employee's employment with the Department that he has tested positive pursuant to the random procedure or a "reasonable suspicion" exists that the employee is engaged in substance abuse, then the employee shall be given the opportunity to seek voluntary treatment through the EAP rather than submit to a drug or alcohol screen. In the event the employee completes said program, including any required after care, no discipline shall be made and the reasonable suspicion form shall be destroyed and such information purged from his or her personnel file. This option is available to bargaining unit employees only once during their employment with the Department.

The IAFF Local No. 1348 President or his designee may also accompany the employee to the initial testing laboratory.

Marijuana metabolites	50 ng/ml
Cocaine metabolites	300 ng/ml
Opiate metabolites ¹	300 ng/ml
Phencyclidine	25 ng/ml
Amphetamines	1000 ng/ml

1 If immunoassay is specific tar free morphine, the initial test level is 25 ng/ml.

(4) If the initial testing results are positive, the specimen will be retested at the initial testing laboratory and shall be forwarded with the appropriate Chain of Custody form to an approved confirmatory testing laboratory.

(5) After completing analysis, negative specimens will be discarded at the initial testing laboratory site. Positive specimens shall have an aliquot frozen and retained for twelve (12) months.

C. Confirmatory Testing Laboratory

(1) The confirmatory testing laboratory shall confirm initial positive results using gas chromatography/ mass spectrometry (GCMS) techniques. The confirmatory testing is considered negative if it does not show at least these concentrations of drugs or metabolites:

Marijuana metabolites 1	15 ng/ml
Cocaine metabolites ²	150 ng/ml
Opiates:	
Morphine	2000 ng/ml
Codeine	2000 ng/ml
Phencyclidine	25 ng/ml
Amphetamine	500 ng/ml
Methamphetamine	500 ng/ml

(2) Whether the confirmatory test is positive or negative, said result shall be communicated to the medical review officer.

D. Confirmatory Testing - Employee.

(1) In the event an employee tests positive for illegal drugs or alcohol, the employee may have the split sample tested by a SAMHSA certified laboratory at the employee's expense.

(2) The initial testing laboratory shall forward the split sample with the appropriate chain of custody form to the SAMHSA certified laboratory.

(3) This laboratory shall test only to confirm that the sample is positive for illegal drugs or alcohol. This testing is not subject to the confirmatory testing threshold levels.

Section 57.07. Chain Of Custody. Each approved testing laboratory's Chain of Custody Form must be maintained and noted by each person who handles the specimens with his or her signature, time and date, reasons for transfer or handling, as well as whether the integrity of the package or specimen has been compromised. Laboratory personnel shall be responsible for maintaining the chain of custody during the analysis of the specimen. The Chain of Custody must be maintained at all times. Failure to maintain the Chain of Custody shall result in a negated test result.

Section 57.08. Medical Review Officer.

A. Receipt of Results. The Medical Review Officer (MRO) shall receive all test results from the confirmatory testing laboratory.

B. Other Duties. Other duties of the MRO are as follows:

D. Notification - Positive. The MRO shall provide the employee with written notice that his or her specimen yielded a positive test result for drugs and/or alcohol.

E. Receipt of Results. Upon the receipt of notice that an employee's second confirmatory drug test is complete, all laboratories shall provide the MRO with the results of each and every testing sequence, including a copy of the Chain of Custody Form. The MRO will provide

copies of this documentation to the Fire Chief or his designee, the firefighter and IAFF Local No. 1348 President or his designee.

F. If Testing Results are Inconsistent. If the results of the two confirmatory testing procedures are inconsistent, then no finding shall be made regarding the drug and alcohol testing of the employee. This shall be communicated to the employee and the IAFF Local No. 1348 President in writing. The Fire Chief shall be free to initiate subsequent testing at its discretion pursuant to the reasonable suspicion provisions found in Section 4A. However, the results of the initial testing shall not be a factor in establishing “reasonable suspicion.”

G. If Sample Results Are Consistent. If the results of the two confirmatory testing procedures yield consistent results, the positive test result shall be conclusive and final.

H. Employee Notification - Final. Where the second confirmatory test yields a consistent, positive result for the presence of drugs or alcohol, the Fire Chief or his designee shall schedule a meeting with the EAP person or its designated representative and the employee at which the employee will be given written notice of the positive test result and substances detected and the action to be taken by the Fire Department.
