

Summary of revisions to public hearing process

II. Notice of Hearing

A. Content of Notice: Made some stylistic changes to streamline the list of required content.

VI. Discovery: Revised to limit discovery to written interrogatories and production of documents as recommended by Aubrey.

VIII. Public Hearings

C. Duties of Presiding Officer

2: Requires separation of witnesses as recommend by Aubrey.

XI. Post-Hearing Procedure

A. Suggested Decisions: changed paragraph heading from “Suggested Decisions” to “Proposed Findings of Fact and Conclusion of Law” and made corresponding editorial changes in the paragraph.

Aubrey explained in her feedback that: “this is a term all attorneys would be familiar with and will understand their requirements for the draft. Essentially, it requires each side to submit their own draft Commission Order that outlines all of the relevant facts presented, the relevant law, and the final proposed conclusion. The Commission could then take both drafts and either adopt one in its entirety or utilize a draft to create their own order.
